EXHIBITOR COMMENTS

ABC INTERNATIONAL – UNITED ARAB EMIRATES
This is our 7th participation in Beauty Istanbul, and as always, it has been a great experience. The event is very well organized, with strong visitor traffic and consistent year-over-year growth. We see increasing numbers of exhibitors and visitors every year, which reflects the strength of the exhibition. This year, we welcomed visitors from Germany, Poland, Panama, Colombia, and across Africa. BEAUTYISTANBUL is growing rapidly, and it is exciting for us to grow alongside it.

METHODE BRIGITTE KETTNER – GERMANY
This is our third time attending, and we are very satisfied. We successfully found our distributor in Türkiye through this exhibition. Every year, we continue to meet a wide range of international partners from across the region. This year has met our expectations, with meetings involving companies from countries such as Kyrgyzstan and Ukraine. We consider this a very important exhibition and will certainly exhibit again.

PKB – FRANCE
We are very interested in the growing Turkish market and have met several large and promising companies at Beauty Istanbul. We connected with high-quality leads, particularly those interested in automation solutions, and have already scheduled follow-up meetings. Our audience was very diverse, including buyers from North Africa (Algeria, Egypt), South Africa, France, and Latin America.

URBAN CARE – TÜRKİYE
We have been participating for years, ever since its first edition. This year was one we were hesitant about; as you know, there were some unpleasant global developments leading up to the fair. However, I don't think it significantly impacted the event. Even though we expected fewer visitors from the Middle East, we still reached customers of the caliber and quality we desired. We saw clients from the Balkans, the CIS region, and Latin America. The presence of these types of buyers really encouraged us, as reaching such distant regions is quite difficult. It was a great pleasure for us to host customers from Paraguay, Uruguay, Argentina, and Peru at a hub like Istanbul.

BARGELLO – TÜRKİYE
The fair is going great; it's very crowded. It hasn't been limited to just a few countries like Kuwait or Qatar; we've seen visitors from across Europe, Asia, and Africa. We've had very productive meetings, established distributor agreements, and signed contracts right here. Our schedule for next week is already incredibly busy as we plan to follow up with the clients we met here. We will definitely be participating next year—in fact, we've already signed the contract. We had visitors from Senegal, Nigeria, Tanzania, Zambia, and Ethiopia. From Asia, they came from Mongolia and Malaysia. We also had visitors from Germany, to whom we even granted a franchise. There was interest from France and the UK as well, and we received a very large demand from Poland for contract manufacturing.

VISITOR COMMENTS

MARK and SAVE – QATAR

A highly well-organized and impactful exhibition with strong global cosmetics industry participation. Huge thanks to the team for their professionalism and all the effort behind the scenes.

TABER TRADE LLC / PODRUZHKA – RUSSIA

The exhibition was excellent — I made more than 50 contacts, and we have already started negotiations with some of them. The organization was also outstanding. We are planning to attend again next year.

EL PARADIS COSMETICS – IVORY COAST

We are used to visiting major worldwide exhibitions, and I think Beauty Istanbul is one of the most important global exhibitions for connecting suppliers with distributors from all regions. It is very well located geographically, and it is always good to be in Istanbul.

COTRADING GROUP – ECUADOR

For our companies in Ecuador and Miami, this visit to the trade show was very rewarding, as we observed many changes and improvements in the event's organization. We continue to strengthen our business relationships with cosmetics companies and are now developing new business opportunities in the fragrance sector. We are definitely going to attend next year.
